# ANNUAL REPORT 2024

# PRO-LIFE GLOBAL

# Thank you LIFESAVERS!

Thank you for choosing faith over fear. Your choice to trust in God for your financial security when you give sacrificially is the same choice that moms around the world are making each day - will I choose to live in fear and end the life of my preborn child or will I choose faith in the God who is able to take care of us?

"Be strong and take heart, all you who hope in the LORD." - Psalm 31:24

When Melanie, Angelique, and I founded Pro-Life Global three years ago, we took a step of faith dedicating countless hours while we worked part-time jobs; two of us eventually quit our jobs to get Pro-Life Global off the ground. After a few months, Melanie told me that she didn't have money to buy toothpaste. It was in this time of desperation that God showed up. Through you and generous individuals like you, God provided and enabled Pro-Life Global to begin to empower student leaders to save lives around the world. The students began to help moms in their own communities, where no pregnancy help centers exist, to choose hope and faith instead of fear.

Since then, as we cried out to God, more and more believers like you stepped up. This year, God brought together a core executive team of dedicated volunteers and part-time staff members. Using the replicative model of training leaders to train leaders, we more than doubled your impact compared to last year, equipping 17,445 student leaders who saved 324 babies. We rebranded, integrated with a donor management system for better stewardship, and laid the groundwork for a new website to effectively reach Christian leaders. We received an honor from a Peruvian congressman and spoke at the March for Life in India. In September, I accepted a U.S. congressional honor by She Leads America as their Young Woman for Life.

Although we accepted these honors, it was really your sacrifice that was honored. The 536 children alive today because of Pro-Life Global are alive because of you and many other believers who know a God of hope - praying, believing, and giving generously. Thank you for choosing life and faith. We serve a God who is able to do far more than we think or imagine!

**With much gratitude and thankfulness to you and our God of Hope,**

**Pro-Life Global President**

# We're all on mission together.

Many Christian students are afraid, lacking the support and direction to change hearts and save lives within their communities. That's why we exist.

*Together*, we can empower disciple-makers to start youth-led lifesaving teams in their schools, universities, and communities.

By equipping the next generation of pro-life leaders with practical skills and unwavering support, Pro-Life Global is fostering a movement that will save countless lives from abortion.

# MERCY AND LOVE

*Mercy, a dedicated midwife and leader in Uganda, helped a college student named Esther who sought an abortion due to fears about continuing her education while caring for a child. With support from Pro-Life Global, Mercy encouraged Esther to choose life and spoke with her parents about the importance of their decision. Ultimately, Esther embraced motherhood, giving birth on September 30th.*

*Despite challenges, including the school not allowing Esther to stay on campus due to her pregnancy, Mercy provided continuous support, helping find housing and caring for Esther during and after her pregnancy. Now, Esther balances college life with raising her child.*

*Mercy, a devoted advocate for vulnerable individuals, faces her own struggles, including her parents losing their home. Yet, she remains committed to her mission and dreams of establishing a maternity home for young mothers in need.*

# EMPOWERING MOTHERS IN JAMAICA

Our national leader, Dr. Daniel Thomas, and his team, Friends for Life, stand alongside women facing unplanned pregnancies, many of whom are overwhelmed by poverty and lack family support.

Through mentoring, skills training, and job placement services, they empower these women to build a stable and hopeful future. Recently, the team hosted a joyful quadruple baby shower to celebrate the courageous mothers and their babies who chose life during an outreach campaign outside the Kingston abortion facility.

Among them was a mother who bravely chose to keep her twins. More baby showers are planned in the months ahead, ensuring these families continue to receive the love, encouragement, and support they need.

***"It's all part of helping mothers feel valued and celebrate their pregnancy. It's changing the dialogue and the script from 'this is a burden and shame', to 'this is a life to be celebrated, and I'm blessed to be a mother,'" shared Diane Constantine, Friends for Life Director***

# WHO WE ARE AND WHERE WE ARE GOING.

## Our Values:

Intimacy with Jesus. Unity in the Body of Christ. Spread the Good News of LIFE.

## Our Vison:

73 million lifesavers saving the 73 million lost to abortion each year so that every community has a lifesaver.

## Our Mission:

Raise and empower Christian leaders to gather in every city, school, and university to fight for life.

**New Branding too!**

PRO-LIFE GLOBAL → PRO-LIFE GLOBAL

## EMPOWER LEADERS.

By providing facts and support to existing pro-life leaders across the globe.

## FIND MULTIPLICATORS.

By identifying new leaders who want to establish and lead local teams in their schools, universities, and communities. We've launched over 60 student-led LIFE Teams and have only just begun.

## SAVE LIVES.

Proactive conversations on campus can shift perspectives on abortion and support women facing unexpected pregnancies in choosing life. To date, we are aware of at least 536 lives saved since our founding. Each LIFE Team typically assists an average of three mothers each year.

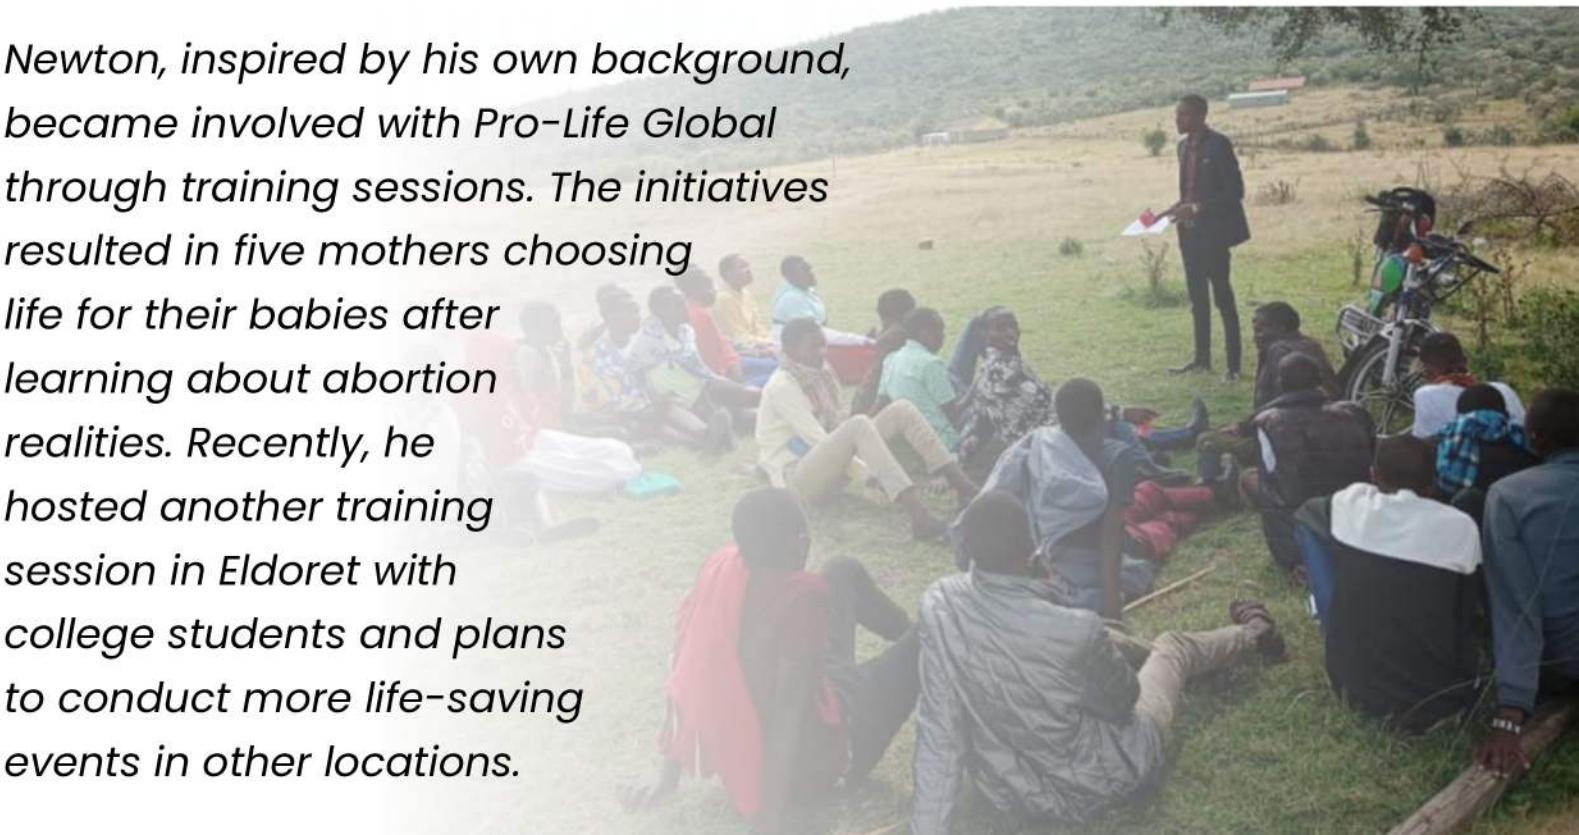
# NEWTON'S DEDICATION

**His tireless dedication and unwavering spirit inspired thousands and demonstrated the heart of servant leadership that defines our mission.**

*Over 1,300 individuals were empowered to promote the message of life, highlighting that everyone is created in God's image and the significance of True Love/Chastity.*

*This effort led to the formation of ten new LIFE Teams, with participants from various educational levels.*

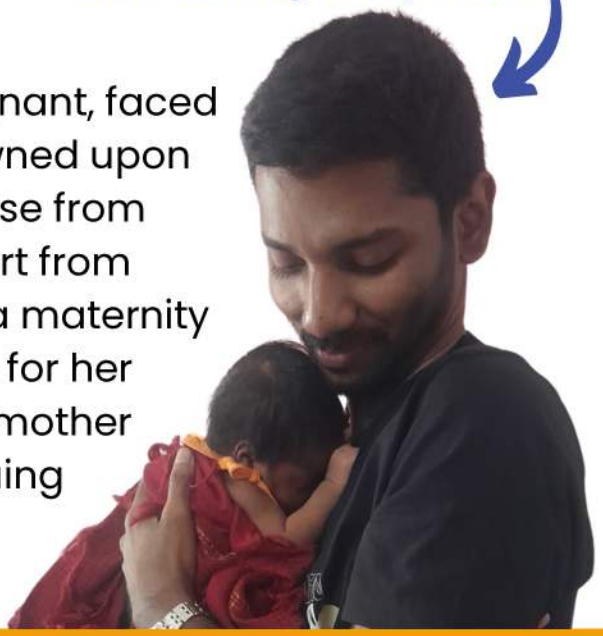
*Newton, inspired by his own background, became involved with Pro-Life Global through training sessions. The initiatives resulted in five mothers choosing life for their babies after learning about abortion realities. Recently, he hosted another training session in Eldoret with college students and plans to conduct more life-saving events in other locations.*



## Pro-Life Global's Indian National Leader Anse gives a talk to university students on human rights and abortion.

# MIRACLE IN INDIA

*Anse holding baby Aibel*



An 18-year-old Indian woman, five months pregnant, faced pressures to abort, as single motherhood is frowned upon in India. However, through a connection to a nurse from the Jesus Youth movement, she received support from the organization's leaders, who helped her find a maternity home. With their encouragement, she chose life for her baby, Aibel, born on September 13, 2024. Aibel's mother decided to place him for adoption while continuing her nursing education, supported by the Jesus Youth movement.

***The donations and prayers of generous donors LIKE YOU are working behind the scenes to make these miracles happen all over the world. Baby Aibel would not be here without YOU.***

# Different Training Phases

## PREPARE

This crucial stage involves creating material and training for the workshops: researching, writing, and editing. We also identify key leaders who want to start local pro-life teams and offer them virtual training. Finally, we plan the events, book flights, apply for VISAs, and make sure all of the logistics are in order.

## IMPLEMENT

After identifying leaders and local organizations that wish to launch school or university teams, our team hosts LIFESAVER Practicums. This stage includes travel and transportation, as well as setting up for and leading the 2-day training sessions. It focuses on equipping the youth leaders to train others and transform their communities.

## FOLLOW UP

## DEBRIEF

We have an in-person debrief/strategic planning retreat following each Practicum. After each training, we follow up with emails, calls, and strategic planning to empower leaders' to start LIFE Teams within their communities. We continue to develop relationships through ongoing leader mentorship, ensuring they have the necessary support, direction, and resources (flyers, digital trainings, guidebooks, etc.).

**Your support** enabled Phyllis and Mercy from Pro-Life Global to attend a gathering in Zambia, leading to the first LIFESAVER Practicum where 55 university students, including Yvonne, participated. Yvonne later became Pro-Life Global's National Leader for Zambia.

Simultaneously, Sarah, a 23-year-old Zambian, discovered her pregnancy, initially feeling overwhelmed after her partner refused to support her.

Contemplating abortion, Sarah confided in a friend: Malcolm. Malcolm came across Yvonne's pro-life TikTok videos and reached out to Yvonne. Through Malcolm, Yvonne connected with Sarah, offering emotional support and suggesting an ultrasound, which revealed Sarah was expecting twins.

This news shifted Sarah's perspective, igniting her determination to embrace motherhood. Your investment in Pro-Life Global significantly impacted Sarah's life and saved her twins' lives.

In Vietnam, a volunteer intervened when a young father pressured his girlfriend to have an abortion. Through encouragement, he agreed to support her, leading to a commitment to raise their child together. Small acts like these change lives forever. Your prayer and generosity is transforming and saving lives.

I'm not sure what to do. The father wants nothing to do with the child!

Sarah

4 months is quite a long way into a pregnancy, you should get an ultrasound. Trust me.

Malcolm

I got the ultrasound, it's twins.

Sarah

That is such a gift! I know this is difficult, but I'm here for you. Choose life!

Malcolm

It's true. a child is a blessing. I will keep the child! Thank you for encouraging me, through these four months, and always checking in on me.

Sarah

That's great news! I am so glad you are keeping it. if you need a friend, I am always here for you.

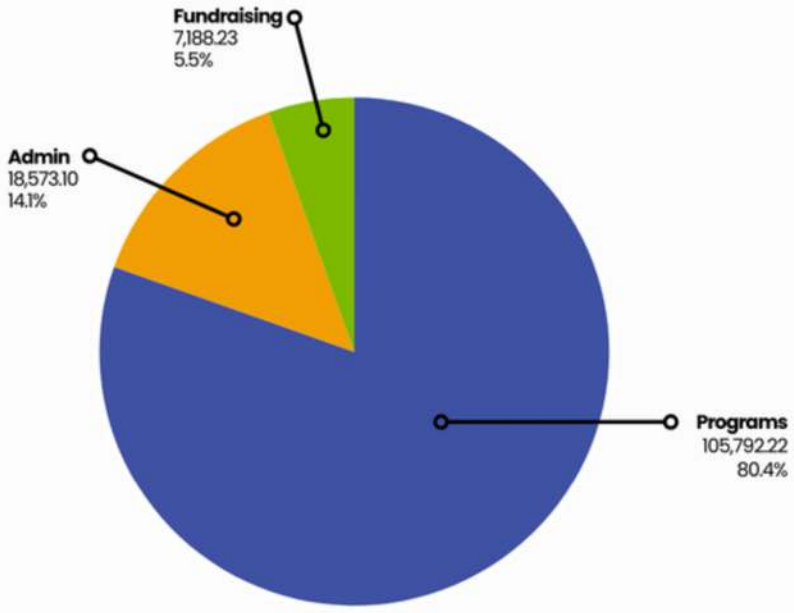
# FINANCIAL STEWARDSHIP

## Because of you, the next generation of leaders across the world are being raised up to save lives.

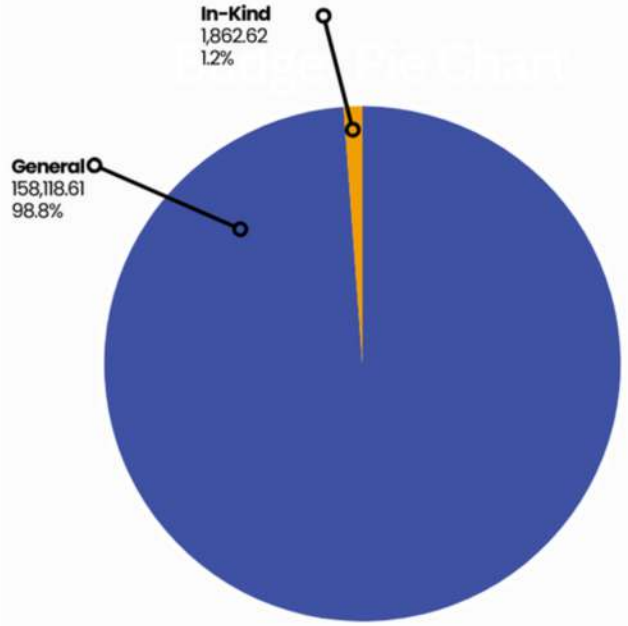
*Pro-Life Global is made up of many extremely sacrificial team members (90% of our US-based team are volunteers and 100% of our international leaders are volunteers). This makes your financial partnership even more critical and enables every dollar to make a greater impact.*

## WAYS TO GIVE

- **Donate stock**
- **Include Pro-life Global in your Will**
- **Donate online at ProLifeGlobal.org**
- **Donate air miles &/or hotel reward points**
- **Mail checks to: PO Box 11222, Columbia, SC 29211**
- **Donate from a traditional or Roth IRA (for supporters aged 70 or older)**



**TOTAL EXPENDITURES FOR 2024**
**$131,553.55**



**TOTAL DONATIONS FOR 2024**
**$159,981.23**

# YOUR IMPACT BY NUMBERS

## *18,415* Student Leaders Trained

## *74* LIFE Teams

## *10* Practicums

## in *19* Countries

## 259* Babies Saved (restated)

*Updated from 325 following a careful audit of our reporting data.
